Take some time this month to visit the shops and restaurants in the downtown Historic District as well as the Museums. Many of the shops are getting their spring merchandise displayed which promises to have just the item or items you're looking for! Enjoy a great meal from any of the several interesting restaurants in the historic district—Mexican, deli, Italian, BBQ, and home style cooking--are all within easy walking distance. And don't forget the three museums within the district—the Chisholm Trail Heritage Museum, Pharmacy Museum, and Cuero

Heritage Museum—and then a short walk to the DeWitt County Historical Museum. And stay late for a refreshing drink from the district’s pub.
